

# Bluetoo®

## SURFACE HYGIENE

➔ *Active in the fight against nosocomial infections*

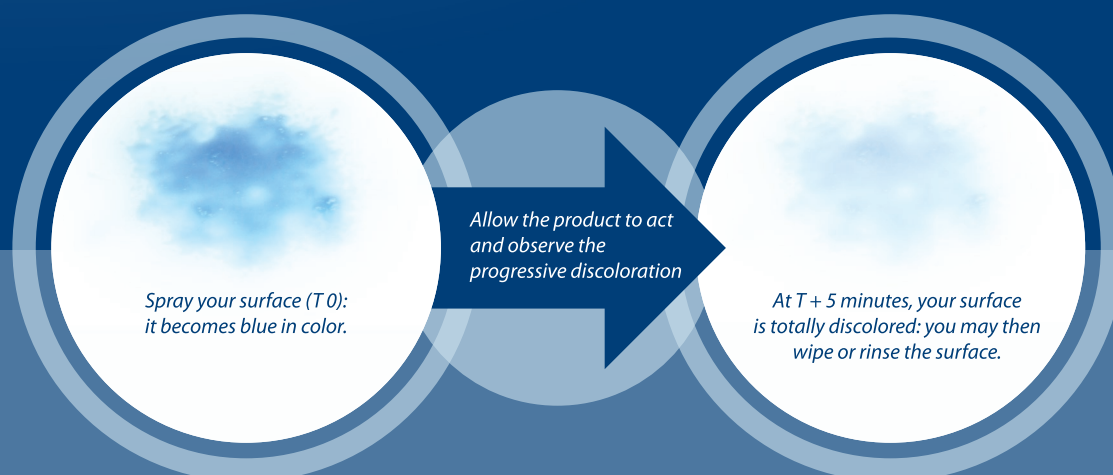

## DISINFECTANT CLEANER

- ➔ Biodegradable hydro alcoholic solution
- ➔ Odor neutralizing, green tea scented

For the well-being and safety of all those living in and using your spaces, make the choice of perfect hygiene.

Sterilizing and cleaning your surfaces with Bluetoo® guarantees the total destruction of microorganisms, germs and bacteria, **confirmed by a visual indicator that is unique in the world.**

*Bluetoo® is the first biocide of its generation whose formulation includes a visual indicator of effectiveness to confirm the complete destruction of microorganisms, germs and bacteria after 5 minutes of contact at 20°C*

Bactericide with 99.999% effectiveness, active in the fight against nosocomial infections (against *Staphylococcus aureus*, *Escherichia coli*, *Pseudomonas aeruginosa*). Tested by a Microbiology and Virology laboratory. European Standard NF EN 1040.

PATENT APPLICATION NO 0955325 – EMB CODE 31584 B

## PACKAGING

- Ready-to-use solution: 5 L container in box of 4, with 1 spray bottle and 1 spigot/tap included.
- **Bluetoo®** may be diluted by up to 1% and still preserve its full disinfectant properties on *Staphylococcus aureus*, *Pseudomonas aeruginosa*, *Escherichia coli* (no coloration & discoloration in this case).
- **Bluetoo®** is more typically used with a spray bottle that includes a nozzle equipped with 2 spray systems, but it can be used with larger model pump sprayers when the product is being applied to much larger surfaces.

## CHARACTERISTICS AND SAFETY

- This product is not subject to hazard labeling.
- Mixture of natural cleaning salt and non-ionic surfactants, disinfecting agent.
- External use only, for all surfaces requiring disinfection due to contact: sanitary facilities, common areas, floors and walls, office furniture and rooms, professional instruments and implements, transport accessories, public places: counters, handles, handrails...
- Avoid contact between the product and the air; ensure the container is closed properly after using or decanting.
